

## Logistics Manager

Denison is redefining mining by *Powering People, Partnerships and Passion*. We are trailblazers in uranium mining, adopting an innovative climate positive approach to mining by deploying ISR methods and building durable partnerships with Indigenous groups in northern Saskatchewan. As a *Certified™ Great Place to Work®* our success is fueled by empowering employees with engaging work, unique development opportunities, and lucrative rewards – resulting in an exceptionally talented, diverse, and motivated team throughout all levels of the organization. Flexible and agile thinking ensures our workplace is one where talent thrives, innovation flourishes, and people have fun leveraging their passions to create powerful partnerships and positive results.

### THE ROLE:

The **Logistics Manager** will oversee the transportation, storage, and distribution of materials, ensuring efficient and timely delivery to support Denison's project and mining operations. The ideal candidate will have experience in warehouse operations and logistics management within the mining or heavy industry sector.

### OUR IDEAL CANDIDATE:

You are detail-oriented, organized, and bring experience in warehouse operations and logistics management within the mining or heavy industry sector. Additional qualifications include:

- Bachelor's degree in business administration, commerce, logistics, supply chain management, or a related field.
- Certification in Logistics or Supply Chain Management preferred.
- Strong knowledge of logistics and supply chain management principles.
- Ability to work in a fast-paced environment and handle multiple priorities.
- Strong problem-solving and decision-making abilities.
- Knowledge of safety regulations and best practices in the mining industry.
- Proficiency in Microsoft Excel and other office software required. Experience with accounting or ERP software; SAP ByDesign experience is an asset.
- Demonstrates exceptional attention to detail and accuracy, outstanding organizational and time management abilities, and strong communication skills, including the capacity to present financial information clearly.

### YOUR RESPONSIBILITIES:

- Create and maintain an organized warehouse layout that supports accessibility, safety, and operational efficiency.
- Provide supervisory direction, coaching and training to warehouse personnel.
- Oversee the efficient receipt, inspection, storage, and dispatch of materials, equipment, and supplies.
- Monitor the status of purchase orders and deliveries to ensure timely arrival.
- Communicate regularly with vendors to confirm shipping and delivery timelines.
- Ensure safe and effective movement of goods within the warehouse and between warehouse and project / site locations.
- Oversee maintenance and safe operation of warehouse tools, vehicles, and handling equipment.
- Plan, schedule, and monitor transportation of materials and supplies from the warehouse to the sites to support operational and project needs.
- Address transportation delays, damaged goods, and delivery challenges promptly and effectively.
- Work closely with procurement, operations, and site teams to align logistics planning with construction and project timelines and critical needs.
- Promote and enforce adherence to health, safety, and environmental standards, ensuring compliance with company and regulatory requirements.
- Manage and monitor supplier performance in alignment with Denison's supplier management program(s).
- Work with the supply chain team to negotiate new agreements for transportation and materials.

**TO APPLY:**

**EMAIL:** [jobs@denisonmines.com](mailto:jobs@denisonmines.com)

*We appreciate the interest of all applicants; however, only those selected for interviews will be contacted.*

*All applicants must be eligible to work in Canada. Denison offers a competitive compensation and benefits package, including health and dental coverage, and a retirement savings plan.*

**OUR COMMITMENT:**

Denison is dedicated to creating employment opportunities for Indigenous individuals and residents of the communities in which we operate. We encourage Indigenous applicants and those from these communities to apply and to voluntarily provide relevant information in their application. Preference will be given to qualified Indigenous candidates.

At Denison, we place a high value on diversity of backgrounds and experience. We strive to create an inclusive workforce that reflects a wide range of cultures, backgrounds, and viewpoints. Our team members are empowered to excel based on their personal merit, qualifications, experience, ability, and job performance. Reasonable accommodation during the hiring process is available upon request.

**OUR COMPANY:**

Denison Mines is a publicly traded company and a Certified Great Place to Work® with a 70-year legacy of uranium mining, exploration, and development in Canada. The company has an effective 95% interest in its flagship Wheeler River Project, which is the largest undeveloped uranium project in the eastern portion of the prolific Athabasca Basin region of northern Saskatchewan. Denison also owns interests in the McClean Lake uranium mines and mill, the Midwest project, and the Waterbury Lake project. Collectively, Denison has a project portfolio covering ~385,000 hectares in northern Saskatchewan. For more information visit our website at [www.denisonmines.com](http://www.denisonmines.com).
