

Planner/Scheduler

Denison is redefining mining by **Powering People, Partnerships and Passion**. We are trailblazers in uranium mining, adopting an innovative climate positive approach to mining by deploying ISR methods and building durable partnerships with Indigenous groups in northern Saskatchewan. As a **Certified™ Great Place to Work®**, our success is fuelled by empowering employees with engaging work, unique development opportunities, and lucrative rewards – resulting in an exceptionally talented, diverse, and motivated team throughout all levels of the organization. Flexible and agile thinking ensures our workplace is one where talent thrives, innovation flourishes, and people have fun leveraging their passions to create powerful partnerships and positive results.

THE ROLE:

Reporting to the Manager, Senior Project Controls, the **Senior Planner / Scheduler** provides corporate oversight of project schedule integrity. This role focuses on reviewing EPCM-developed schedules for logic, critical path, and progress accuracy, ensuring alignment with approved baselines and financial forecasts. The position supports governance by monitoring schedule risks and escalating issues to senior leadership. The role also coordinates with other corporate priorities and projects.

OUR IDEAL CANDIDATE:

- Bachelor's degree in Engineering, Project Management, or an equivalent
- Certification in Project Planning or Scheduling (preferred)
- 10+ years of experience, 5+ EPCM/Mining Project Assignments
- Proficiency in Primavera P6, SAP, project management systems, and SharePoint.
- Understanding of EPCM project lifecycle and mining industry standards.
- Analytical skills for schedule forecasting and scenario evaluation.
- Communication and stakeholder engagement abilities.
- Ability to manage multiple priorities under tight deadlines and enforce schedule governance processes.
- Accurate and timely review of EPCM schedules and updates.

YOUR RESPONSIBILITIES:

- Review EPCM schedules for logic, critical path accuracy, and compliance with governance standards.
- Validate schedule updates and progress reporting against approved baselines.
- Monitor schedule risks and variances; escalate significant issues to the Senior Project Controls Manager.
- Ensure alignment of schedule reporting with financial forecasts and cash flow projections.
- Prepare summary dashboards and variance reports for management decision-making.
- Participate in schedule review meetings with EPCM and internal stakeholders.
- Coordination of project schedules with overall corporate objectives.

TO APPLY:

To submit your resume and cover letter, please **EMAIL: jobs@denisonmines.com**

We appreciate the interest of all applicants; however, only those selected for interviews will be contacted.

All applicants must be eligible to work in Canada. Denison offers a competitive compensation and benefits package, including health and dental coverage, and a retirement savings plan.

OUR COMMITMENT:

Denison is dedicated to creating employment opportunities for Indigenous individuals and residents of the communities in which we operate. We encourage Indigenous applicants and those from these communities to apply and to voluntarily provide relevant information in their application. Preference will be given to qualified Indigenous candidates.

At Denison, we place a high value on diversity of backgrounds and experience. We strive to create an inclusive workforce that reflects a wide range of cultures, backgrounds, and viewpoints. Our team members are empowered to excel based on their personal merit, qualifications, experience, ability, and job performance. Reasonable accommodation during the hiring process is available upon request.

OUR COMPANY:

Denison Mines is a publicly traded company and a Certified Great Place to Work® with a 70-year legacy of uranium mining, exploration, and development in Canada. The company has an effective 95% interest in its flagship Wheeler River Project, which is the largest undeveloped uranium project in the eastern portion of the prolific Athabasca Basin region of northern Saskatchewan. Denison also owns interests in the McClean Lake uranium mines and mill, the Midwest project and the Waterbury Lake project. Collectively, Denison has a project portfolio covering ~385,000 hectares in northern Saskatchewan. For more information visit our website at **www.denisonmines.com**.
