

# Quantity Surveyor/Estimator

Denison is redefining mining by *Powering People, Partnerships and Passion*. We are trailblazers in uranium mining, adopting an innovative climate positive approach to mining by deploying ISR methods and building durable partnerships with Indigenous groups in northern Saskatchewan. As a *Certified™ Great Place to Work®*, our success is fuelled by empowering employees with engaging work, unique development opportunities, and lucrative rewards – resulting in an exceptionally talented, diverse, and motivated team throughout all levels of the organization. Flexible and agile thinking ensures our workplace is one where talent thrives, innovation flourishes, and people have fun leveraging their passions to create powerful partnerships and positive results.

## THE ROLE:

The **Quantity Surveyor/Estimator** provides integrated support across cost estimating, quantity verification, and progress validation to ensure accurate project financial reporting and decision-making. The role combines field-level quantity tracking with preparation and analysis of estimates for various project phases. Responsibilities include reviewing EPCM-submitted quantities, take-offs, cost data, material receipts, and bid evaluations; preparing independent estimates; validating budget recasts; and supporting cost forecasting through accurate earned value alignment. The position ensures discrepancies are identified early and estimates remain aligned with project scope, budget, and schedule.

## OUR IDEAL CANDIDATE:

- Bachelor's Degree in Quantity Surveying, Estimation, Construction Management, or related field
- 5+ years of experience, 3+ EPCM/Mining Project Assignments
- Understanding of quantity tracking and progress measurement
- Proficiency in quantity surveying software, reporting tools, and project management systems.
- Analytical and problem-solving skills.
- Communication and collaboration abilities.
- Attention to detail and accuracy in field verification.
- Timely reporting of variances and discrepancies.
- Effective collaboration with EPCM and internal teams.
- Alignment of estimates and quantity data with project metrics.

## YOUR RESPONSIBILITIES:

- Verify EPCM quantities and progress through field checks, measurement validation, and reconciliation of material receipts.
- Review and validate EPCM cost estimates, budget recasts, and cost submissions for accuracy and compliance with governance standards.
- Prepare independent estimates for major changes, scope adjustments, and high-impact decisions.
- Support cost forecasting and earned value analysis by providing accurate quantity and cost input.
- Identify and escalate discrepancies in quantities, progress, costs, or bid evaluations to project controls leadership.
- Review EPCM progress and cost reports to ensure accuracy, completeness, and alignment with project structures (e.g., SAP WBS).
- Coordinate with EPCM and internal project controls teams to resolve variances and ensure timely, accurate reporting.
- 

## TO APPLY:

To submit your resume and cover letter, please **EMAIL: [jobs@denisonmines.com](mailto:jobs@denisonmines.com)**

*We appreciate the interest of all applicants; however, only those selected for interviews will be contacted.*

***All applicants must be eligible to work in Canada. Denison offers a competitive compensation and benefits package, including health and dental coverage, and a retirement savings plan.***

#### **OUR COMMITMENT:**

Denison is dedicated to creating employment opportunities for Indigenous individuals and residents of the communities in which we operate. We encourage Indigenous applicants and those from these communities to apply and to voluntarily provide relevant information in their application. Preference will be given to qualified Indigenous candidates.

At Denison, we place a high value on diversity of backgrounds and experience. We strive to create an inclusive workforce that reflects a wide range of cultures, backgrounds, and viewpoints. Our team members are empowered to excel based on their personal merit, qualifications, experience, ability, and job performance. Reasonable accommodation during the hiring process is available upon request.

#### **OUR COMPANY:**

Denison Mines is a publicly traded company and a Certified Great Place to Work® with a 70-year legacy of uranium mining, exploration, and development in Canada. The company has an effective 95% interest in its flagship Wheeler River Project, which is the largest undeveloped uranium project in the eastern portion of the prolific Athabasca Basin region of northern Saskatchewan. Denison also owns interests in the McClean Lake uranium mines and mill, the Midwest project and the Waterbury Lake project. Collectively, Denison has a project portfolio covering ~385,000 hectares in northern Saskatchewan. For more information visit our website at [www.denisonmines.com](http://www.denisonmines.com).
